

ELEMENTS OF TYPOGRAPHY

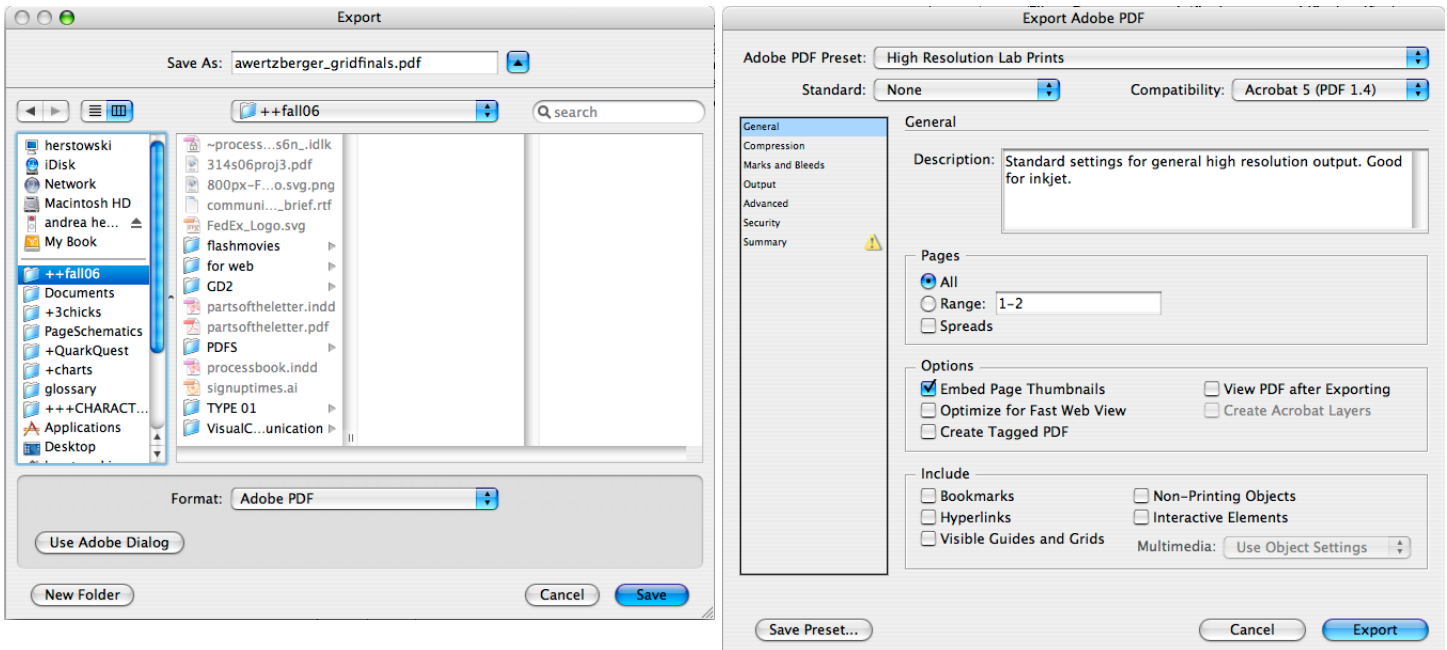

SAVING YOUR FILES AS A PDF

Along with the boards you will be handing a pdf of your final compositions. They need to be saved as high resolution pdf files and following the given naming convention. The files can be handed in on a CD or there will be a designated computer in the lab to put the files onto. They are due the same time and day as the project. Any late pdfs will effect your project grade.

All of the finals should be in **one** (1) document.

Saving pdf in **InDesign**.

File -> Export -> name it (firstlastname_grid_finals.pdf) -> choose where to save it to -> Save
 Choose -> High Resolution Lab Prints -> Export

Saving pdf in **illustrator**.

File -> Save As (pull down Adobe PDF (pdf) -> choose where to save it to -> Save
 Choose High Resolutoin Lab Prints from the pull down -> Save PDF
